Join us for the 96th ACS Colloid and Surface Science Symposium

CSM's partnership with the National Renewable Energy Laboratory (NREL), the University of Colorado Denver Anschutz Medical Campus, and various industrial consortia will foster networking of researchers from academia, national laboratories, and industry.

Plenary speakers

Naomi J. Halas  
Rice University

Bradley Nelson  
ETH Zürich

Golden, Colorado, located at the foot of the Rocky Mountains, is the home of the Colorado School of Mines, the National Renewable Engineering Laboratory, and the Coors Brewery, one of the largest brewing facilities in the world. A 20-minute drive from downtown Denver and a short 15-min drive from the famed Red Rocks Park & Amphitheatre, Golden is the closest point in the Denver/Boulder metro area to mountain destinations with miles of hiking trails for all levels. It is serviced by Denver International airport, the 5th-busiest in the United States.
