

Subject: ACS COLL Division Call for Symposia for ACS Spring 2025

Dear COLL Division Members,

We cordially invite you to submit a symposium for ACS Spring 2025 to be held from March 23 – 27, 2025 in San Diego, California, USA. The deadline for submission is **July 14, 2024**.

Please email Dan Miller (DSMiller@dow.com) if you are interested in running a symposium. To submit a proposal, the following information is required:

1. Symposium title.
2. Symposium type: Oral, Poster, or Oral and Poster.
3. A list of symposium organizers with emails.
4. A brief Symposium Description.

If your proposal is accepted, we will work with you to communicate the new ACS “Future of Meetings” guidelines. Briefly, the ACS is moving to a smaller footprint for oral sessions. Programming will now run from Monday through Thursday instead of Sunday through Thursday. Additionally, we will have less half-day sessions to keep all sessions together in the convention center instead of adjacent hotels. If your symposium is accepted, we will communicate the allotment of half day sessions. Please let us know if you have a request for the number of half day sessions at the time of submission.

Thank you! We are looking forward to two excellent ACS conferences in 2025!

Sincerely,

Daniel S. Miller, Ph.D.
